

Neath Port Talbot County Borough Council – Home School Links Project

A Transition Intervention Officer and Transition Support Officer have been employed to address attendance issues at the transition stage between primary and secondary school. This is in relation to children and young people who are experiencing difficulties which adversely affect their ability to maximise the educational opportunities available to them.

The Home School Links project will aim to introduce a number of strategies during the first year of the funding period. The initial pilots will focus around the identified base schools for the project which are managed by the Principal Education Welfare Officer.

If you would like any more information about the Neath Port Talbot Home School Links Project then please contact the Transition Intervention Officer on 07812997683.
